

TABLE 1. Number, incidence rate¹, and median days² away from work for nonfatal occupational injuries and illnesses involving days away from work³ for musculoskeletal disorders⁴ by nature of injury or illness and ownership, Illinois, 2013

Nature	Musculoskeletal disorders (MSDs)		
	Number	Incidence rate	Median days away from work
Total private industry ^{5,6,7}	14,350	36.8	15
Traumatic injuries and disorders	13,440	34.4	14
Traumatic injuries to bones, nerves, spinal cord	30	.1	58
Traumatic injuries to nerves, except the spinal cord	30	.1	58
Pinched nerve	30	.1	58
Traumatic injuries to muscles, tendons, ligaments, joints, etc.	10,090	25.9	15
Dislocations	190	.5	10
Herniated discs	190	.5	10
Cartilage fractures and tears	110	.3	79
Meniscus tears	110	.3	79
Sprains, strains, tears	8,840	22.7	14
Sprains, strains, tears, unspecified	850	2.2	27
Major tears to muscles, tendons, ligaments	410	1.0	70
Sprains	1,300	3.3	14
Strains	6,240	16.0	12
Multiple sprains, strains, tears	50	.1	16
Hernias due to traumatic incidents	950	2.4	20
Other traumatic injuries and disorders	3,310	8.5	10
Nonspecified injuries and disorders	3,310	8.5	10
Soreness, pain, hurt—nonspecified injury	2,850	7.3	13
Swelling, inflammation, irritation—nonspecified injury	440	1.1	2
Numbness—nonspecified injury	20	.1	5
Diseases and disorders of body systems	920	2.3	40
Nervous system and sense organs diseases	380	1.0	30
Disorders of the peripheral nervous system	380	1.0	30
Carpal tunnel syndrome	380	1.0	30
Musculoskeletal system and connective tissue diseases and disorders	530	1.4	48
Dorsopathies	190	.5	49
Dorsopathies, n.e.c.	180	.5	49
Soft tissue disorders, except the back	330	.9	30
Soft tissue disorder, except the back, unspecified	40	.1	17
Bursitis	20	(⁸)	177
Stenosing tenosynovitis	40	.1	5
Epicondylitis	50	.1	27
Other or unspecified tendonitis (tendinitis)	160	.4	30
Total state government ^{5,6,7}	380	32.1	21
Traumatic injuries and disorders	360	30.4	16
Traumatic injuries to muscles, tendons, ligaments, joints, etc.	340	28.8	16
Sprains, strains, tears	340	28.8	16
Sprains, strains, tears, unspecified	30	2.5	25
Sprains	30	2.9	4
Strains	260	22.1	16
Other traumatic injuries and disorders	20	1.6	15
Nonspecified injuries and disorders	20	1.6	15
Soreness, pain, hurt—nonspecified injury	20	1.6	15
Diseases and disorders of body systems	20	1.7	30
Nervous system and sense organs diseases	20	1.4	30
Disorders of the peripheral nervous system	20	1.4	30
Carpal tunnel syndrome	20	1.4	30
Total local government ^{5,6,7}	2,460	55.7	20

See footnotes at end of table.

TABLE 1. Number, incidence rate¹, and median days² away from work for nonfatal occupational injuries and illnesses involving days away from work³ for musculoskeletal disorders⁴ by nature of injury or illness and ownership, Illinois, 2013 — Continued

Nature	Musculoskeletal disorders (MSDs)		
	Number	Incidence rate	Median days away from work
Traumatic injuries and disorders	2,320	52.6	28
Traumatic injuries to muscles, tendons, ligaments, joints, etc.	1,780	40.4	29
Sprains, strains, tears	1,720	38.9	29
Sprains, strains, tears, unspecified	110	2.5	29
Major tears to muscles, tendons, ligaments	190	4.3	60
Sprains	290	6.5	20
Strains	1,130	25.5	12
Other traumatic injuries and disorders	520	11.7	19
Nonspecified injuries and disorders	520	11.7	19
Soreness, pain, hurt—nonspecified injury	490	11.2	16
Diseases and disorders of body systems	140	3.1	17
Nervous system and sense organs diseases	130	3.0	17
Disorders of the peripheral nervous system	130	3.0	17
Carpal tunnel syndrome	130	3.0	17

¹ Incidence rates represent the number of injuries and illnesses per 10,000 full-time workers and were calculated as: (N/EH) x 20,000,000 where

N = number of injuries and illnesses
EH = total hours worked by all employees during the calendar year

20,000,000 = base for 10,000 equivalent full-time workers (working 40 hours per week, 50 weeks per year).

² Median days away from work is the measure used to summarize the varying lengths of absences from work among the cases with days away from work. Half the cases involved more days and half involved less days than a specified median. Median days away from work are represented in actual values.

³ Days-away-from-work cases include those that resulted in days away from work, some of which also included job transfer or restriction.

⁴ Musculoskeletal disorders (MSDs) include cases where the nature of the injury or illness is pinched nerve; herniated disc; meniscus tear; sprains, strains, tears; hernia (traumatic and nontraumatic); pain, swelling, and numbness; carpal or tarsal tunnel syndrome; Raynaud's syndrome or phenomenon; musculoskeletal system and connective tissue diseases and disorders, and when the event or exposure leading to the injury or illness is overexertion and bodily reaction, unspecified; overexertion involving outside sources; repetitive motion involving microtasks; other and multiple exertions or bodily reactions; and rubbed, abraded, or jarred by vibration.

⁵ Excludes farms with fewer than 11 employees.

⁶ Data for Mining (Sector 21 in the *North American Industry Classification System*-- United States, 2007) include establishments not governed by the Mine Safety and Health Administration rules and reporting, such as those in Oil and Gas Extraction and related support activities. Data for mining operators in coal, metal, and nonmetal mining are provided to BLS by the Mine Safety and Health Administration, U.S. Department of Labor. Independent mining contractors are excluded from the coal, metal, and nonmetal mining industries. These data do not reflect the changes the Occupational Safety and Health Administration made to its recordkeeping requirements effective January 1, 2002; therefore, estimates for these industries are not comparable to estimates in other industries.

⁷ Data for employers in rail transportation are provided to BLS by the Federal Railroad Administration, U.S. Department of Transportation.

⁸ Data too small to be displayed.

Note: Dash indicates data do not meet publication guidelines. Because of rounding and data exclusion of nonclassifiable responses, data may not sum to the totals.
